subj: Revised Staffing Complement for the
Office of Special Projects

1. This memorandum submits a recommendation for your approval. Such recommendation is contained in paragraph 4.

25X1A 2. The proposed staffing complement for the Office of Special Projects, in line with its fiscal year authorized personnel ceiling of has been reviewed. The average grade increase of these positions from 11.558 to 11.680 has been necessitated by the establishment of several senior level scientific and technical positions in that Office in order to carry out the assigned responsibilities. Necessary compensation to accommodate this increase in average grade can not be made from within the Directorate.

4. Therefore, it is recommended that you approve the increase in average grade from 11.558 based upon a planned incumbency of positions to 11.680 based upon a planned incumbency of positions.
